Call for Teaching Proposals:

NSCCD Fall 2010 Courses and Workshops (Deadline: May 28th)

The NSCCD invites professional artists to submit teaching proposals for courses in wood, glass, ceramic, metal, and fibre for our Fall 2010 term. **The Fall 2010 term will run from September 27th to December 10.** We look forward to expanding our craft mandate and therefore also invite proposals in other mediums or combinations of mixed media.

PLEASE NOTE: If you are re-submitting a previously taught course then you can just submit your preferred dates and times and we will do our best to accommodate you. Unless otherwise informed, we will use the same course description and information such as material list and maximum number of students in the class. New images are always appreciated. We would also be happy to put links to your website on our "Instructor Bio" page. If you do not plan on teaching during the Fall term, please let us know.

Your proposal package should include the following information:

1. **DESCRIPTION** of the proposed course or workshop as you would like it to appear on the course brochure.
 - Please include preferred **dates, times** and **duration** of the course.
